

NSRP Facilities, Tooling and Risk Management Panel

Overview

November 3-4, 2010

F,T&RM Panel Makeup

- Panel Chair: Jack Shea – EB

- 3 Committees:

Facilities & Tooling

Chair: Bob Santos – EB/QP

Safety & Health

Co-Chairs: Laura Mathisen – BIW

Yaniv Zagagi – Atlantic Marine

Workers' Compensation

Co-Chairs: Louise Holleran – NASSCO

Angella Thompson – Todd Pacific

Objectives

- Provide public forum to address environmental, safety, health and risk avoidance issues; continue efforts to reduce workers' compensation costs.
- Promote industry-wide networking and technology transfer between ASA and SCA shipyard members, NAVSEA and DOL.
- Compose an agenda that includes topics from regulatory, legal, medical and claims management perspectives.
- Engage Panel members in open discussion on Safety/Workers' Compensation related topics
- Provide final/status reports on 2 Panel Projects

2010 Activity

- Facilities & Tooling Committee met jointly with 3 other Panels in Florida on Apr. 21-22
- Workers' Compensation/Safety & Health Committees met in Portland, ME on May 19-20
- Subject matter experts presented on wide range of related topics
- Roundtable discussion provided opportunity to share 2010 experience and best practices
- Toured BIW Shipyard

2010 Activity Con't

- Panel Chair participated in SIP update meetings at ATI in February and July
- Plans are to condense SIP into more "user friendly" format
- Recommendation also made to reduce the number of Major Initiatives from 6 to 4
- Our Major Initiative has been renamed – Infrastructure and Support. Safety and Workers' Compensation Committees remain intact.

2010 Activity Con't

- Workers' Compensation/Safety & Health Committees met on Nov. 3-4 in Mobile, AL
- Variety of important topics presented from each discipline
- Annual SNAME Conference & Expo held in Seattle, WA on Nov. 3-5
- One Panel Project Whitepaper submitted to ATI for funding consideration at Nov. 30 ECB Meeting

Future Plans

- Current Safety Panel Project completed, Workers' Compensation Project expected to finish in Spring, 2011
- Prepare for 2011 Panel Project Whitepaper presentations to ECB at their Nov. 30 Mtg.
- Continue close working relationship between private and public sector shipyards in effort to reduce injuries and their associated costs
- Plan meeting schedule for 2011
