

# Risk Management Panel

Panel Meeting

November 16-17, 2011

Norfolk, VA

# Panel Project Highlights and Success Stories

- "Best of the Best" Workers' Compensation project completed on time/on budget. Final report given at June 22-23, 2011 Panel Meeting in Seattle, WA
- Reduction of Weld Fume Risk Project on schedule to be completed by year end. Status report given at Nov. 16-17 Panel Meeting in Norfolk, VA
- Workers' Compensation Project and Safety Project – "Analysis of Injuries & Fatalities in Shipbuilding Industry" were highlighted at NSRP/NAVSEA Day on Sept 22, 2011
- FY 2012 Panel Project – Noise Control Methods for Shipbuilding –was awarded at Sept. 20-21 ECB Meeting in Washington, D.C.

# Panel Business

- Panel hosted four presentations as part of Infrastructure & Support Technical Track at All-Panel Meeting
- RM Panel Meeting held on Nov. 16-17, 2011 in Norfolk, VA. Tour of NNSY is part of Nov. meeting agenda
- Plan for 2 Panel meetings in 2012, Gulf and West coasts
- Hold Panel Chair and SHAC Co-Chair elections at Spring 2012 meeting

# Other Issues

- Provide public forum to address safety, health and risk avoidance issues and, in doing so, look to reduce injuries/illnesses and their associated costs
- Continue close working relationship between private and public sector shipyards
- Interface with trade organizations and government agencies representing the interests of NSRP members
