12:00	Break for Lunch, on your own	
1:00	Review and consolidate proposals	
2:00	Complete Final Drafts	
5:00	Adjourn	

NOTE: Attached to this email you will find a SSRAC proposal form. Please come prepared. Your Inspection teams have worked with 009-32 FY 09 ch 1 and maybe ch 2. You need to have them take a look at FY-10ch 1 and complete the proposal form for any issues, concerns, cost drivers or improvements. You can find the newest rev. on the <http://www.nstcenter.com> site, Features, NAVSEA Standard Items. We will submit all proposals developed on behave of the NSRP SP-3 Panel to the SSRAC committee.

The SP-3 Panel submitted 15 proposals last year. This is an opportunity to discuss your recommendations with some of the stakeholders who make the final call for SSRAC.
