| 5:00PM | <i>Adjourn</i> | |
| Thursday June 11, 2009 | | |
| 7:30AM | <i>Meeting, room open</i> | Steve Cogswell, Panel Chair |
| 8:00AM | <u>SSRAC Paper Review</u> <i>27 proposals submitted and may be viewed on the Panel Web Site. Open discussion with members of the SSRAC committee, defend your proposal, (no promises) however a great proposal may be accepted at this late date.</i> | |
| 10:00AM – 11:00AM | <i>CWP 351 Retention of Moderate Flash Rust on CVN/Surface Combatants, contractor's perspective (panel from the Public yards to field questions and answer session from Contractor/Sub Contractors accomplishing Freeboard and UWH surface prep with UHP)</i> | |
| 11:00AM - 12:00PM | <i>White Paper idea development. Identify collaborative targets for cost reduction in FY-10</i> | |
| 12:00 | <i>Adjourn</i> | |

NOTE: I apologize for the late agenda. At our last meeting we decided we would spend our meeting time on Panel Business and take in the weeks information/workshops/exhibits and technology transfer from MEGA RUST. We have important updates on the Panel Projects RH, PCP and Flash Rust and a great opportunity to improve 009-32 through SSRAC. Two half day sessions hope to provide you the time to attend Mega Rust.

Regards, Steve
Surface Preparation & Coatings Panel Chair
