

Web-based Systems

Opportunity for revitalization and renaissance

History:

- Crosscut Resources Center 2000-2004 and partial revitalization 2007
- www.goships.com 2007 but little/no maintenance or upgrade funding

Proposal

- Merge CRC useful material to goships.com
- Use left-over Crosscut panel funding for hosting, technical support.
- Explore options for content management – part volunteer, part paid
- Need task group to develop policy and procedures. Volunteers? _____

Panel & RA Projects

- If funded, compete with other panels for share of about \$600K for \$100K or less project.
- If funded, compete nationally for share of \$4-10 million larger and multi-year projects

Panel and RA Projects

- US DOL ETA – Advancing Registered Apprenticeship into the 21st Century
- Culture Cross Currents in the US Shipbuilding & Repair Industry – Their Impact on Employee Retention
- Expanding web-based collaboration for Crosscut Stakeholder Groups – merging www.goships.com and CRC
