

Skill Standards

Assessing and achieving
global best knowledge, skill
and abilities

Skill Standards

Co-Leaders

Lee Walker

Kathy Clayton

Overall Goal

- Make progress toward improved collaboration within and between shipyards and related professional and craft communities for better work forces

Summit Questions

- Who will build and repair our vessels in 2010 and beyond?
- Are new-hires prepared to learn and work? Are incumbent workers building and repairing in ways that achieve needed safety, productivity, quality and reliability?
