National Shipbuilding Research Program

NSRP Mission

Manage and focus national shipbuilding and ship repair research & development funding on technologies and processes that will:

- Reduce the total ownership cost of ships for the U.S. Navy, other national security customers and the commercial sector
- Develop and leverage best commercial and naval practices to improve the efficiency of the U.S. shipbuilding and ship repair industry

Provide a collaborative framework to improve shipbuilding-related technical and business processes.

NSRP Collaboration

Anti-Trust Rules
