

National Shipbuilding and Research Program (NSRP)

EH&S Panel Meeting

GoToWebinar, July 15, 2020 11-12

**Roundtable Discussion**

1. Injury rates
  - a. Rates: TRIR \_\_\_\_\_ DART \_\_\_\_\_ LWDIR \_\_\_\_\_
  - b. What are the top three injury types (e.g. falls, cumulative trauma)
  - c. Are the rates up or down from 2019?
  - d. What factors are affecting the injury rates?
  - e. Specific programs or areas of emphasis to reduce injuries (anything unique?)
  - f. Any serious injuries, fatalities or near misses and associated lessons learned?
  - g. Use of any new technology?
  
2. OSHA Regulatory inspections or visits?
  - a. Any noteworthy citations?
  - b. Any Reportable Injuries? How did OSHA respond to the notification?
  
3. Workers' Compensation
  - a. Claims up or down?
  - b. What factors are affecting claims?
  - c. Cost? Up/down? Unusual factors influencing cost?
  - d. Any unique claims?
  - e. Any legislative issues of interest?
  
4. Environmental
  - a. Any reportable releases/events?
  - b. Any NOVs?
  - c. Regulatory inspections? Announced? Unannounced?
  - d. Program improvements? Use of new technology?
  
5. COVID-19
  - a. What are the major steps your shipyard takes for COVID-19 control
  - b. Are there any outbreak or lessons learned that you can share?
