

Conrad Shipyard Overview

NATIONAL SHIPBUILDING RESEARCH PROGRAM™
Taking Shipbuilding and Repair to the Next Level

SAFETY MOMENT

Slips, Trips, & Falls

KEY STATISTICS

- Nearly 1 in 4 non-fatal injuries at work are due to slips trips & falls
- Falls account for 40% of workplace fatalities, making them the second leading cause of serious injuries (after motor vehicle accidents)

TYPES OF FALLS

- 80%: Falls from one level to a lower level
- 20%: Falls on the same level

COST AND IMPACT

- Worker's compensation costs for fall-related injuries rank higher than other injuries.
- OSHA frequently issues citations for violations of fall protection standards.

**NO ONE GOES TO WORK EXPECTING
TO BE INJURED OR KILLED IN A FALL**

Conrad Shipyard

- 5 Shipyard Locations
- 75+ Years in Business
- ~ 1000 employees
- Small Business classification under NAICS code 336611

USN Yard, Repair, Berthing and Messing (YRBM) Program Overview

- Program awarded in 2022, currently contracted to deliver through YRBM 9
- Principle Particulars
 - Vessel Type: Non-self-propelled barge
 - Length: 151 feet 4 inches
 - Beam: 49 feet 4 inches
 - Draft (at full load): 6 feet 8 inches
 - Depth: 14 feet
 - Displacement: 1,100 LT's
 - Service Life: 40 years
 - Accommodation: Berthing for 199 personnel
 - Messing Capacity: 300 personnel
 - Other Features:
 - Medical offices and examination room
 - Classrooms for 72 personnel
 - Conference room for 25 personnel
 - Workspaces, self-service and bulk laundry rooms, storerooms, and lounge areas
 - Classification: American Bureau of Shipping (ABS) A1 Accommodation Barge, Harbor Service

YRBM Program Overview
